

7706 Six Forks Road Suite 202
Raleigh, NC 27615

Gentlemen,

This crew you sent me here at our Burlington Project, Auburn Trace 2 are fabulous. I know from experience with crews of all types that these guys are good. As a team they work great together and there crew leader Frank has great management skills to get the job done for your company. I would trust them on any site or with any superintendent to get the job complete in a timely fashion. With these projects being time sensitive we need crews like yours.

Thank you very much,

Bradley Pruitt
Project Superintendent
